

At BMS Offshore, we are committed to leading our organization toward operational excellence through a strong emphasis on health, safety, security, quality, and environmental management. Every individual at BMS is a leader within their role, and together, we shape a culture of shared responsibility and commitment to the highest standards of Quality, Health, Safety, and Environmental care. Through teamwork, integrity, and leadership by example, we protect and support our people, our environment, and our projects.

Our QHSE Commitment

We are dedicated to protecting personnel and assets, driving efficiency, and upholding the highest standards in Quality, Health, Safety, and Environmental (QHSE) management. Our QHSE Policy drives sustainable performance, grounded in the following pillars:

- **Quality:** We commit to delivering exceptional service and maintaining customer and stakeholder satisfaction by continuously seeking more efficient, effective, and innovative ways of working;
- **Health:** We prioritize the health and well-being of our workforce by promoting a safe, supportive, and healthy work environment;
- **Safety:** We proactively identify, assess, and manage risks, striving to keep them as low as reasonably practicable through strong operational controls and leadership engagement;
- **Environment:** We actively pursue methods and solutions that minimize our environmental impact, contributing to sustainability and reducing our ecological footprint.

QHSE policy in practice

- **Risk Management:** We assess and control risks to protect our people and maintain secure operations.
- **Service Quality:** Our processes ensure exceptional service and support continuous improvement.
- **Leadership and Transparency:** We cultivate an open environment, learning from successes and setbacks.
- **Compliance:** We adhere to company, client, and regulatory standards with rigorous quality control.
- **Continuous Improvement:** We regularly review and update our policies to keep them accessible and effective for all.

For BMS International Ltd,
